Special Discounts Now in Effect!

Sage 50c Accounting . . .

It's no wonder Sage 50c Accounting is the most popular Sage 50 product ever. You can:

- Enjoy all the latest Sage 50 Accounting features and enhancements plus every feature introduced since you last upgraded.

- Access all the features and all the data wherever you are.[1]

- Instantly and securely share data with your accountant or bookkeeper.[1]

- Work from home or the road without planning ahead.[1]

- Get more productivity from your employees!

- Improve cash flow by emailing invoices even when you're away from the office.[2] And allow customers to pay with a single click![3]

- Have peace of mind knowing your data is protected by bank-level security, and you have total control in the cloud over who can access which data.[1]

. . . powered by Microsoft Office 365

Now you'll enjoy seamless and automatic integration between your accounting solution and your business management tools. This integration brings you innovative features and dramatically enhances productivity throughout your entire operation.

Integration with Outlook means:

- You'll never again spend time manually adding contacts from one system to another. Automated sync of Outlook contacts and Sage 50c contacts saves you time—and saves your sanity. No more jumping between Sage 50c and Outlook.

- You, your remote employees, and mobile sales force can now access accounting data created in Sage 50c using nothing but a tablet and your Microsoft Outlook integration. Employees don't even have to be a Sage 50 Accounting user to benefit from access to key customer metrics on the fly.

Microsoft Office 365 cloud backup gives you 1 TB of cloud storage so you can:

- Have peace of mind knowing you have multiple data back-ups stored offsite, in the cloud.

- Undo data entry errors and accidental deletions by restoring data from the cloud as of a particular date.

- Automate the backup process. Never again be stuck without a recent backup.

And coming soon:

- Automated, integrated bank feeds
- Sage Capture and Business Dashboards
- Sage Intelligence online
